Research projects (2006-2017)

- Project leader of *CLIMATE-LAND: Consequences of climate policies for multiple ecosystem services of semi-natural grasslands of the cultural landscape*, funded by the Research Council of Norway (NFR), 2014-2018.
- Project leader of *BIOPOLICY - Biodiversity and Nature Index: Understanding, adaptive planning and economic policy means for management of open lowland and forest*, funded by the Research Council of Norway (NFR), 2011-2015.
- Project leader of *Sustainable development indicators (SDI) in the context of the precautionary principle*, funded by the Research Council of Norway (NFR), 2009-2011.
- Project leader and co-editor of *ECONOR III* project report: “*The Economy of the North 2015*”, funded by the Norwegian Ministry of Foreign Affairs and Nordic Council of Ministers, 2013-2016, with co-leader/chief editor Solveig Glomsrød, CICERO and co-editor Gérard Duhaime, Laval University, Canada.
- Co-editor of the first ECONOR-project report in 2006, “*The Economy of the North*”
- Co-editor of the second ECONOR-project report, “*The Economy of the North 2008*”.
- Participant in the project *Spatial assessment of environment-economy trade-offs to reduce wind power conflicts (WINDLAND)*, financed by the Research Council of Norway (NFR), 2017-2020, lead by Statistics Norway, project leader Cathrine Hagem.
- Participant in the project *Smart paths and costly detours towards a sustainable low-emission society*, financed by the Research Council of Norway (NFR), 2017-2020, lead by Statistics Norway, project leader Taran Fæhn.
- Participant in the project *Experimental Urban Ecosystems Accounting (URBAN-EEA)*, funded by the Research Council of Norway (NFR), 2016-2019, lead by NINA Norwegian Institute for Nature Research, project leader David Barton.
- Participant in the project *Land Press: Land use management to ensure ecosystem service delivery under new societal and environmental pressures in heathlands*, funded by the Research Council of Norway (NFR), 2016-2019, lead by University of Bergen, project leader Vigdis Vandvik.
- Project leader of *Scenarios for Arctic biodiversity – comparison of GLOBIO and the Nature Index for Norway*, funded by Ministry of Climate and Environment, 2015.
- Participant in the two projects *Nature Index for Norway, 2010 and 2015*, funded by Norwegian Environment Agency (previously Directorate for Nature Management). Contributing to Nature Index reports 2010 and 2015.
- Project leader/coordinator for several development projects on the Nature Index for Norway, funded by Norwegian Environment Agency (previously Directorate for Nature Management), including: *Nature Index and Ecosystem Services*, 2011-2012, *Exploring the Nature Index for forests on municipal level*, 2011-2012, *Tilrettelegging av jordbruksstatistikk til overvåkingsmodell for kulturmarkseng*, 2011-2012, and *Nature Index and impact factors* 2016-2017.

Teaching and evaluation

- PhD committee of Wageningen University, The Netherlands. Matthias Schröter: *Conceptual basis and spatial modelling to account for and conserve multiple ecosystem services in Telemark County, Norway*, 10 June 2015.
- PhD committee of University of Nordland, Norway. Are Severin Ingulfsvann: *Verdiforskyvning i friluftslivet i lys av økologisk økonomi*, 23 January 2013.
- Guest lecturer BI, annual lecture for course in Green economy, (2014-2017)
- Temporary position as associate professor at Department of Economics, University of Oslo, Autumn 1990
- Supervising four Master Thesis, University of Oslo, 1990-2000.
- Student seminar leader, University of Oslo, 1979-1981.

Contribution to international statistical cooperation

UN Experimental Ecosystem Accounting: Close cooperation with Per Arild Garnåsjordet on contributing to the editorial group for the report on the UN *System of Environmental-Economic Accounting (SEEA) Experimental Ecosystem Accounting 2014*, and follow-up of technical guidelines and implementation of the system.

Contribution to international cooperation/report

Contributed data from ECONOR to report: AACAA AMAP, 2017. Adaptation Actions for a Changing Arctic (AACAA) - Barents Area Overview report. Arctic Monitoring and Assessment Programme (AMAP), Oslo, Norway. Full report in press.
